Milestone Deploys Proxy Web Management

INDUSTRY Banking

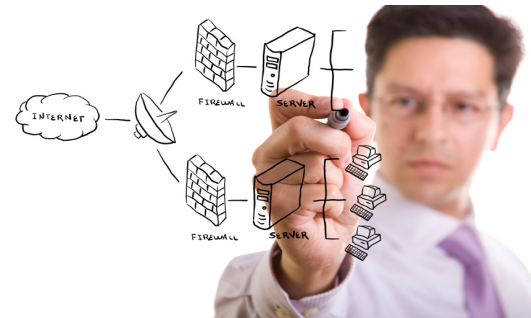

MILESTONE PARTNER Blue Coat

SITUATION

After two major full-service banks merged, the new IT management team decided it was time to upgrade and harden the overall Enterprise Network. To replace the legacy Web proxy devices, they chose Blue Coat Secure Gateway Firewall and ProxyAV™ series anti-Virus network appliances.

REMEDY

Milestone Systems, Inc. was chosen to manage the project and supply the appliances. Milestone installed and implemented 146 devices at three locations (Minnesota, Arizona, and lab environments.)

SCOPE OF PROJECT

Milestone delivered:

- Hardware setup (racking and stacking)
- Microcode and database setup
- Deployment of security and authentication services
- Collaboration on network group policies
- Validation of the on-going support plan
- Product and application testing and certification
- Production implementation support
- Project Management support

RESULTS

Client is satisfied that the overall security of the internet-facing network has been enhanced.
